

# Service Day

## JOSEPH MALEY FOUNDATION

### WHY YOUR ORGANIZATION SHOULD BE INVOLVED

#### TEACH TEENS THE VALUE OF SERVICE

Be part of a group of local non-profit organizations that strive to create a generation of young people who know the Importance of serving others.

#### COMPLETE PROJECTS

Junior High Students are capable of completing a great amount of work. Join us to see what Junior High students can do for your organization.

#### CREATE LASTING RELATIONSHIPS

Our goal is that students will enjoy serving and will want to continue their service, possibly even into adulthood.

#### CONNECT WITH THE COMMUNITY

Students from diverse areas of the city will visit your organization and learn about the positive ways it impacts our community.

### JUNIOR HIGH SERVICE DAY

The Joseph Maley Foundation was created to serve children of all abilities. Because we believe in teaching young people the value of serving others, we created Junior High Service Day.

Students in grades 6-8 from schools in Indianapolis and surrounding areas are invited to take part in a day of service at several local non-profit organizations. JMF would like to invite your organization to be part of Service Day.

We would like to provide you with a group of students (based on your desired amount) to serve you for approximately four hours. Please contact Allison Boyll, at **317.313.5322** or at [aboyll@josephmaley.org](mailto:aboyll@josephmaley.org) to set up a meeting to discuss this opportunity. You can also fill out the information sheet located at [www.josephmaley.org/service-day](http://www.josephmaley.org/service-day).
